Previous Members Rejoining: If a previous stockholder rejoins, regular fees must be paid. If that stockholder had never had a golf membership, then he or she would be entitled to a half price golf membership the first year. A previous golf member rejoining (who has not been a member for at least 5 years) would receive "Lakeshore Bucks" as an incentive to rejoin (\$50.00 in "Lakeshore Bucks" for a family membership-\$25.00 in "Lakeshore Bucks" for a single). If there are any questions, please give John Kline a call at 641-347-8931 for assistance.

* **Social membership** allows member to play 6 9-hole rounds of golf per season.

Member must pay green fees for those rounds of golf. Social status also allows a social member to ride along with a golf member on the course.
