

Exhibitor Trailer Parking Policy

All livestock or utility trailers left by exhibitors on the grounds during the fair must be parked as near as possible to the east fence east of the horse barn and campgrounds. This includes horse trailers. There will be no trailers parked west of the east end of the horse barn.

Any trailer left at any location deemed restricted to trailer parking by the fair board or its designees will be moved to an appropriate area. Means of moving the trailer (towing, pulling, dragging, etc.) will be at the discretion of the board or its designees. Any cost incurred by the board or its designees during the moving of the trailer will be reimbursed by the trailer owner.

While it is not the intention of the board to place undue demands on exhibitors, we realize that the fair is funded in a large part by those attending the night performances. It is our intention to provide as much parking area as we can, as near as possible, to the main arena.
